

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentile	Year
B.Tech. - IT	ADIT, Anand	8.79(Current)	2023-Present
Higher Secondary	GSEB Board	64.00%	2023
Secondary	GSEB Board	73.33%	2021

EXPERIENCE

- Java Developer Intern | Elevate Labs

Jan. 2026 - Apr. 2026

Gained experience Core & Advanced Java Concepts including OOPs, Collections, JDBC, Exception Handling.
- Full Stack Developer | Freelance

Jan. 2026 - Feb. 2026

Developed and maintained responsive web applications, handling both frontend and backend to improve performance and user experience.
- Java Developer Intern | Hevin Technoweb

May. 2026 - June. 2026

Worked on Spring Boot backend development with MongoDB and AWS. Developed REST APIs and gained practical experience in scalable web application development.

PROJECTS

- QUIZ APP - Interactive Web-Based Quiz Platform

Jul. 2025 - Sept. 2025

Girl Script Summer of Code 2025 (Open-Source Contribution)

GitHub

Tech Stack Used: HTML5, CSS3, JavaScript, JSON, Git, GitHub

Added dark/light mode, responsive UI, and JSON-based question loading with modular frontend architecture.
- DOCTOR-PATIENT PORTAL - Hospital Management System

Oct. 2025 - Oct. 2025

Self-Initiated Project

GitHub

Tech Stack Used: Java, JSP, Servlets, JDBC, MySQL, Apache Tomcat, HTML, CSS

Built a role-based portal with appointment booking and real-time updates via MVC and DAO architecture.
- RAZORPAY CLONE - Payment Gateway Application

May. 2026 - June. 2026

Internship Project

Tech Stack Used: Spring Boot, Microservices, Kafka, Redis, JWT, Spring Security, Spring Data JPA, MySQL

Developed a scalable payment gateway with JWT authentication, microservices architecture, and event-driven processing using Kafka and Redis for high-performance transaction handling.

ACHIEVEMENTS

- Participated in national and college-level hackathons including SIH (2024, 2025), CVMU Hackathon 2024, and Paranox 2.0. (Certificates: Link)
- Solved 60+ Competitive Programming and DSA problems across platforms. (Codolio Profile)
- Secured rank 1470 in CodeFest'25 among 47000+ participants. (CodeFest'25)
- Oracle Certified in MySQL, with strong knowledge of relational databases and SQL queries. (Certificate: Link)
- NCC 'B' Certificate holder, demonstrating discipline, leadership, and commitment to national service.

TECHNICAL SKILLS

- Programming Languages: Java, C/C++, JavaScript, SQL, HTML5, CSS3
- Frameworks: Spring Boot, Spring Security, Spring Data JPA, Hibernate, Spring AI, JSP, Servlet, Node.js
- Messaging/Architecture: Kafka, Microservices, CI/CD
- Cloud/Databases: AWS, MySQL, MongoDB, Redis
- Tools/Platforms: IntelliJ IDEA, VS Code, Git, GitHub, Docker, Postman, Maven, JUnit5, Adobe Photoshop
- Core CS Concepts: Object-Oriented Programming (OOP), Operating Systems (OS), Database Management Systems (DBMS), Data Structures & Algorithms, Computer Networks

POSITIONS OF RESPONSIBILITY

- Finance Head & Technical Secretary - Central Committee, ADIT
- Jul. 2025 - Mar.2026
